

SERVSAFE FOOD PROTECTION COURSE AND EXAMS

ServSafe certification is recognized by the Massachusetts Department of Public Health as meeting the food manager certification requirements of the Massachusetts Food Code. This ServSafe Food Manager Protection program, led by Food Safety and Nutrition Educator Kimberly Concra, LDN, is an effort to meet the challenge of preventing food-borne illness.

INITIAL CERTIFICATION

Objectives:

- Increase safe food handling practices
- Gain a better understanding of HACCP principles
- Improve upon methods of purchasing, receiving, storing, preparing, and serving safe food
- Maintain a sanitary facility
- Understand the regulations and the inspection process
- Teach employees how to apply safe food handling practices

Course Includes:

- ★ ServSafe Textbook
- ★ Reproducible training materials
- ★ Food thermometer
- ★ Examination
- ★ ServSafe certificate upon successful completion of the exam. Certificate is valid for five years.

UPCOMING CLASSES

December 8 & 15, 2014, 8:30-1:30
February 2 & 9, 2015, 8:30-1:30

You must attend both days of the Initial Certification class to successfully complete this course.

RECERTIFICATION COURSE

1 ½ to 2-hour review covering:

- Time & temperature control throughout the flow of food
- Preventing cross contamination
- Practicing good personal hygiene
